

ENVIRONMENTAL POLICY STATEMENT

Forest Environmental Limited is committed to ensuring that all our business activities are conducted in a manner which will provide a safe environment for all of its employees, business partners, and the general public. It is committed to the development and implementation of environmentally friendly systems of work.

The aims of the statement are to:

- 1 **MEET** all applicable Government Codes of Practices and Regulations and to assist our customers to achieve their own standards and evaluate our performance against this legislation and standards.
- 2 **ESTABLISH** in house systems methods and standards for setting and receiving environmental objectives and targets so that we continually improve our performance.
- 3 **REDUCE TO A MINIMUM** any environmental impact, including pollution, disturbances or noise that our operations may cause.
- 4 **ENQUIRE** and make use of environmentally friendly alternatives for use in our operations and ensure efficient use of natural resources, conserve water, energy and reduce waste.
- 5 **INSTILL** into our commercial, contract, site operation departments and subcontractors an awareness of environmental requirements and regulations in particular in respect of new projects and developments.
- 6 **ENCOURAGE** and promote environmental awareness amongst our employees and subcontractors to enable them to execute our operations in an environmentally friendly manner in line with the intention of this statement.
- 7 **ASSIST** government, professional and industrial bodies and utilise academic assistance, if required, to ensure standards are maintained and where practicable improved with Forest Environmental Ltd.
- 8 **ENSURE** that any sub-contractors employed by us are competent, so that they do not put our operations at risk of a significant environmental impact and our material suppliers are aware of our environmental requirements and apply standards compatible with our own.

Whilst the intentions and aims of this statement are clear and defined, it should be appreciated that some aspects of our activities and their impacts will not be under Forest Environmental Ltd's control of influence.

Nethertheless we bear in mind that all construction activities have some environmental impact and our best endeavours shall always be made to meet the stated intention of this document. Understanding that a satisfactory environmental image related to our performance can be a sign of successful business management.
